Sale Name: 2023 LATE SPRING FARM & HEAVY EQUIPMENT AUCTION

LOT 10 - INTERNET CONNECTION

Description

Our new software is cloud based. All bidding is online with your personal device. Bidding online will require an active and stable connection to the Internet in order to function correctly.

It is therefore your responsibility to ensure that you have at all times an active and stable Internet connection. Our website is monitored for best and successful bidding.

Device Update: If you are using an Apple (iphone, ipad, Macbook) Device and the **Lots or Bid Button** are not showing up - that is an indication, you may need to do a Software Update. (You will find your Software Update status in Settings under General)

Pickett Auction Service is not responsible for internet connection or device update / upgrade needed that may result in loss of bids.
