

Sale Name: END OF YEAR FARM & HEAVY EQUIPMENT AUCTION

LOT 1990 - T-848 Hay Bales (88)

LOCATION OFF SITE

Description

(88) bales - 1 harrow bed load of 2024 2nd cutting alfalfa hay

Quality alfalfa hay with tests to prove it. Crop is from 2nd and 3rd year fields.

NO RAIN

Baled very nicely, 85 to 90 lb. bales. The hay has been covered since stacking.

There are samples of this hay located on our Wilder lot if you wish to look at what you will be buying.

You will be bidding on (1) harrow bed load and will be first come first serve off the stack.

There is a list of hay retrieval trucks listed in the photos as well as the test results for the hay.

If you plan on hauling your hay by hand the ENTIRE harrow bed load must be loaded at once, so bring enough help and trailer or trailers to accommodate 88 bales of hay.

Appointments must be made with Pickett Auction Service prior to picking up hay, the gates will be locked.

Located on Stateline Road, Homedale Idaho.
